

Mass Energy

1678 East Bank Road
Nana Glen, NSW 2450
Australia

Phone: 1300066377

Mass Energy is a trusted Australian civil and renewable infrastructure contractor specialising in ground-mounted solar construction, steel fabrication, and large-scale civil works. Established in 2011, the company provides turnkey solutions for EPCs, councils, and developers — including solar racking supply and installation, concrete foundations, formwork, road construction, and drainage. With in-house plant, logistics, and certified operators, Mass Energy delivers reliable, compliant, and cost-efficient results across renewable, agricultural, and industrial projects

nationwide. Website:
