JWitt Waste Recycling provides reliable, fully licensed waste management services for homes and businesses across Somerset, including Bath, Frome, Wells, and the wider South West. From skip hire and wheelie-bin collections to commercial waste, event recycling, and aggregates, JWitt helps customers handle waste responsibly and affordably — with zero landfill commitment. Whether you're renovating, running a construction site, or managing daily business waste, JWitt delivers fast collections, clear communication, and full compliance with UK waste regulations. Our Coleford facility and weighbridge serve the local community with sustainable recycling

solutions that keep Somerset clean, efficient, and green. Website:
