Pynk Health is a 100% online psychology clinic, created by women, for women across Australia. Our warm, all-female team of psychologists, counsellors and therapists provide confidential telehealth support — so you can speak freely, safely, from the comfort of your own space. Whether you're in Brisbane, Sydney, Melbourne, Perth, Adelaide, Darwin, Canberra, Hobart or a regional town — we're here. We support women through life's most challenging chapters: anxiety, depression, trauma, perinatal mental health, relationship stress, workplace burnout, neurodiversity, ADHD and autism assessments. Appointments are available weekdays, evenings and weekends — because mental health doesn't keep office hours. Compassionate, evidence-based care for women at every life stage. Wherever you are, you're not alone. Website:
