Behaviour Tonics provide help to manage children's difficult behaviour, while improving self-regulation. We do this for parents, educators and carers – via private consultations, webinars, courses and staff training.

Based in Perth, we are specialists in 1-2-3 Magic and Emotion Coaching and are the only licensed Master Trainers for family specialists and teachers in WA and NT. We take a simple, yet practical approach to help develop the skills parents, teachers and carers need to calmly guide difficult behaviour and build up self-regulation in children aged 2 to 12 years old.
